the love that god has for us is limitless and absolutely nothing can separate us from it when the angels got the revelation of the love that god has for us they had to ask the question god what is man that you be so mindful of him god said we don't have to come to him hesitating or fearful but we can come boldly to the throne of grace most especially for mercy and grace that we will need in trying times when we refuse to come boldly before the throne we deprive ourselves of our own needs we deny ourselves the joy of coming to our own father who loves us greater love hath no man than this that a man lay down his life for his friends john 15 13

faith is one of the most critical aspects of the christian life because it is the means by which we receive all that god has secured for us yet the nature of faith is one of the most misunderstood concepts of christianity some conceptualize faith as some mental state that one must reach before they are able to tap into god's resources others view faith as some sort of incorporeal substance that is out there for which we must reach all of these concepts of faith are deficient if not heretical and yet all of them are found in the church others view faith as a mere fantasy or hope with no basis in reality and thus religious claims are excluded from the arena of knowledge for a number of years my heart has been trilled over the doctrine of faith as it is received and taught among evangelical christians everywhere great emphasis is laid upon faith in orthodox circles and that is good but still i am troubled specifically my fear is that the modern conception of faith is not the biblical one that when the teachers of our day use the word they do no mean what bible meant when they used it i also share the same concerns with a w tozer when he said the cause of my uneasiness are these 1 the lack of spiritual fruits in the lives of so many who claim to have faith 2 the rarity of a radical change in the conduct and general outlook of persons professing their new faith in christ as their personal savior 3 the failure of our teachers to define or even describe the thing to which the word faith is supposed to refer 4 the heartbreaking failure of multitudes of seekers is they are even so earnest to make anything out of the doctrine or to receive any satisfying experience through it 5 the real danger that a doctrine that is parroted so widely and received so uncritically by so many is false as understood by them 6 i have seen faith put forward as an escape from reality a refuge from the necessity of hard thinking a hiding place for weak character natural optimism emotional thrills and nervous tics therefore in the pages of this book i will endeavor to outline for your benefit the dynamics of faith what is

faith how does faith works how to grow in faith the power of faith the excellency of faith the demand of faith the perseverance of faith the challenges of faith the object of faith the effect of faith the response of faith the discipline of faith the necessity of faith and many more are discussed

i believe that there is only one way to all the treasures of god and that is the way of faith by faith and faith alone do we enter into a knowledge of the attributes and become partakers of the beatitudes and participate in the glories of our ascended lord all his promises are yea and amen to them that believe god would have us come to him by his own way that is through the open door of grace a way has been made it is a beautiful way and all his saints can enter in by this way and find rest god has prescribed that the just shall live by faith i find that all is failure that has not its base on the rock christ jesus he is the only way the truth and the life the way of faith is the christ way receiving him in his fullness and walking in him receiving his quickening life that filleth moveth and changeth us bringing us to a place where there is always an amen in our hearts to all the will of god as i look into the 12th chapter of acts i find that the people were praying all night for peter to come out of prison they had a zeal but seem to have been lacking in faith they were to be commended for their zeal in spending their time in prayer without ceasing but their faith evidently did not measure up to such a marvelous answer rhoda had more faith than the rest of them when the knock came to the door she ran to it and the moment she heard peter s voice she ran back again with joy saying that peter stood before the gate and all the people said you are mad it isn t so but she constantly affirmed that it was even so god given faith zacharias and elisabeth surely wanted a son but even when the angel came and told zacharias that he should have a son he was full of unbelief and the angel said thou shalt be dumb because thou believest not my words but look at mary when the angel came to her mary said be it unto me according to thy word it was her amen to the will of god and god wants us with an amen in our lives an inward amen a mighty moving amen a god inspired amen which says it is because god has spoken it cannot be otherwise it is impossible to be otherwise let us examine this 5th verse by faith enoch was translated that he should not see death and was not found because god translated him for before his translation he had this testimony that he pleased god when i was in sweden the lord worked mightily after one or two addresses the leaders called me and said we have heard very strange things about you and we would like to know if they are

true we can see that god is with you and that god is moving and we know that it will be a great blessing to sweden well i said what is it well they said we have heard from good authority that you preach that you have the resurrection body when i was in france i had an interpreter that believed this thing and i found out after i had preached once or twice through the interpreter that she gave out her own ideas and of course i did not know i said to these brethren i tell you what my personal convictions are i believe that if i had the testimony of enoch i should be off i believe that the moment enoch had the testimony that he pleased god off he went

the christian church has no shortage of revered figures and saints but it is difficult to find one that had a more decisive impact on the course of the church s history than augustine of hippo augustine was a bishop of hippo regius in africa but his works sermons and writings helped hold the church together even as the western roman empire was in its death throes to the extent that every major branch of christianity recognizes him today the catholic church has venerated him as a saint and a doctor of the church orthodox christians also consider him a saint and protestants and calvinists cite him as one of the fathers and inspirations of the protestant reformation in many respects augustine has provided the theological bedrock for christians for nearly 1600 years and as theologian john leith noted in 1990 augustine the north african of berber descent is today the spiritual father of multitudes who are remote indeed from him racially politically and culturally of faith and the creed in its original form was a discourse which augustine when only a presbyter was requested to deliver in public by the bishops assembled at the council of hippo regius and that it was subsequently issued as a book at the desire of friends the general assembly of the north african church which was thus convened at what is now bona in the modern territory of algiers took place in the year 393 a d and was otherwise one of some historical importance on account of the determined protest which it emitted against the position elsewhere allowed to patriarchs in the church and against the admittance of any more authoritative or magisterial title to the highest ecclesiastical official than that of simply bishop of the first church primæ sedis episcopus the work constitutes an exposition of the several clauses of the so called apostles creed the questions concerning the mutual relations of the three persons in the godhead are handled with greatest fullness in connection with which especially in the use made of the analogies of being knowledge and love and in the cautions thrown in against certain applications of these and other illustrations taken from things of human experience we come across sentiments which are also repeated in the city of god the books on the trinity and others of his doctrinal writings
